Unfair Means Inquiry Committee

The Unfair Means Inquiry Committee (UMIC) in a college or technical institution is a statutory body established to investigate and address cases of academic misconduct and malpractices during examinations. Its primary role is to ensure the integrity, honesty, and fairness of the examination process.

The main aim of the UMIC is to:

1. Investigate all reported cases of students (and occasionally staff) involved in using or abetting unfair means during examinations.
2. Ensure unbiased proceedings: Conduct a transparent and impartial inquiry into every case, following the principles of natural justice.
3. Recommend disciplinary actions: Determine the appropriate quantum of punishment based on the nature and severity of the malpractice, "as per the Maharashtra ACT XXXI of 1982 and procedures and guidelines issued by University Of Mumbai Notifications (Ordinance 5050)".
4. Deter academic dishonesty: The committee's actions serve as a deterrent to discourage other students from resorting to unfair means.
5. Provide a fair hearing: Offer students accused of misconduct an opportunity to present their defense and be heard before a decision is made.
